

Issue # 13 Spring 2019 News and Information from ACMS

## WELCOME

"The price of success is hard work, dedication to the job at hand, and the determination that whether we win or lose, we have applied the best of ourselves to the task at hand," Vince Lombardi.

On behalf of the Supervisors, Managers and Communities we serve, I would like to extend a special "Thank You" for the amazing work done by our Crossing Guards throughout the country faced with extremely cold temperatures this winter. We appreciate your diligence, self-motivation and dedication to this very important

work. You have served our company and your communities well by working in the snow and freezing conditions to help keep children safe.

Thank you, for everything you do. We cannot be successful without your commitment.

## Payroll Update

Wisely Pay Card

Everyone who has received a paycheck this year should have received a Wisely Pay Card. Moving forward the only options for pay with ACMS are Direct Deposit or Pay Card. Pay Cards function as both an ATM Card and a Credit Card. Pay Cards provide you with access to your money without having to have a bank-based checking or savings account.

Some of the benefits of being paid in this manner include:

1. Your funds are available immediately on payday (Friday).
2. There are no charges associated with the card (elimination of check cashing fees).
3. Access to your funds (withdrawing cash) is free at all in-network ATM locations. In-network banks include Bank of America, Chase Bank, Wells Fargo Bank, TD Bank, and PNC Bank.
4. Free access is also available from over 70,000 ATMs including those inside retailers such as Target, Speedway, Costco, Walgreens, CVS, Kroger, Safeway, Circle K, and Winn Dixie.
5. Your Wisely Pay Card can be used for purchases anywhere that accept Visa or MasterCard.
6. Convenient PIN protected access to your money without having to carry cash.
7. You can see your paystubs and manage your account by downloading the ADP Mobile Solutions App.

Again, we strongly suggest that you activate your Wisely Pay Card immediately. If you fail to activate your card, the method and/or timing of your pay for the following pay period will vary depending on the laws of the state where you reside.

## Stay Safe...

April is Distracted Driving Awareness Month. Driver distractions are changing as fast as the technologies that are being built in cars. Cell phones are still a big distraction and the flow of information we can get from our dashboard touchscreens multiplies the distraction and risk. All these factors increase the chances that drivers passing through our intersections will be distracted. Crossing Guards ultimately bare the risk of distracted drivers. We in turn, want you to be a part of the effort to increase driver safety, awareness and minimize distractions.

DISTRACTED DRIVING AWARENESS MONTH 2019

## A LIFESAVING CHECKLIST

Thousands have died in vehicle crashes because drivers are distracted by cell phone conversations, emails, text messages and social media. Do not become a statistic. Here are some tips to keep your eyes on the road, your hands on the wheel and your mind on the drive.

- First and foremost, turn off your cell phone. Put it in the glove compartment, in your purse or in your trunk. There is no safe way to make a call while driving - not even hands-free.
- Send and read text messages and emails before you start driving.
- If you're going on a longer drive, schedule breaks to stop, park safely, and respond to messages.
- Using voice features in your car's infotainment system is also distracting. Take care of communications before you start driving.
- Know where you're going before you put the car in "drive." Put your destination into your GPS so you do not need to touch it while the car is moving.
- Social media can wait. No update, tweet or video is worth a life.
- Park in a safe area if you must take a call, return a text or check email.
- Do not call or text friends or family if you know they are driving.
